THERAPY WITHOUT SIDE EFFECTS

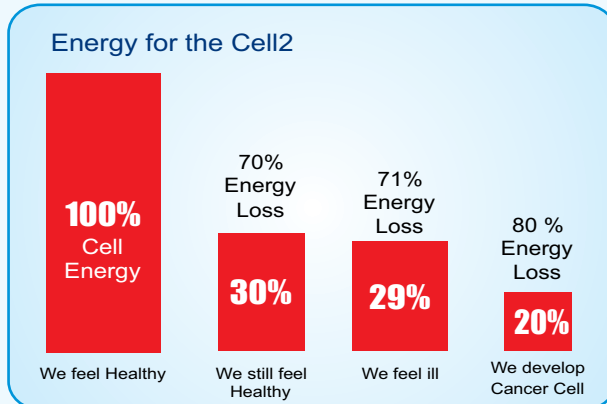

Medicine in form of waves & very effective in treating cervical, migraine, back pain, lower back pain & many more chronic diseases.

- ❖ Approximately 75 thousand billion cells of our body have to function correctly to stay health.
- ❖ QRS® treat the cause rather than the symptoms by 4 step therapy Worldwide patented.
- ❖ QRS® strongly improves the blood flow and micro-circulation
- ❖ QRS® is highly effective in every repair process of the body where the cells & tissue requires oxygen for repair.
- ❖ QRS® increases the oxygen within the cell. The oxygen diffusion rate is increased by 80-900%
- ❖ QRS® is a supportive & effective treatment while taken with other medicines i.e. Allopathic, Ayurvedic, Homeopathic, Naturopathy & Food supplement.

- ❖ Clinical tested
- ❖ Scientifically approved
- ❖ Gold medal winner in the largest inventor exhibition in Geneva, Switzerland.

- Cells originally stick together
- Limited capability to take in oxygen
- After 5 minute QRS® treatment cells are separate with high potential to take in oxygen²

QRS® patented frequency (electromagnetic stimulation) opens the cells membrane so that cell can take oxygen, necessary vitamins, mineral and trace elements and at the same time CO₂, slag and toxic waste is extracted out of the cell¹

The 4-step-therapy - worldwide patented

Step 1: Atmospheric Radiation

Wherever there are high-voltage transmission lines in the air, in the ground, or in buildings, there is electro-smog.

Electro-smog can cause so-called Energetic diseases, which can become chronic. Please note: for more than 100 years bacterial diseases are reduced, but chronic diseases (due to energy deficiencies) are increasing rapidly.

The healing frequencies of natural magnetic fields are not able to withstand the electro-smog fields, which means that the self-healing process of the body is being blocked. The Quantronic-Resonance-System stimulates the metabolism of the body due to the magnetic fields, thus it supplies energy and oxygen to the cells.

But: These non-natural healing magnetic fields can only function correctly, if a zero-field is being produced in the room at the very beginning. This means that the existing electro-smog has to be eliminated, because the mixing-up of the therapeutic frequencies with the electro-smog has a non-healing effect. QRS is the only producer who had patented the "electro-smog kill" in combination with the quantronic therapy.

The patent:

DEVICE FOR CONTROLLING
LOW-FREQUENCY ELECTRIC AND
MAGNETIC FIELDS

Patent-Nr.: EP 0 621 795 B 1

Patenterteilung: 03.06.1998

Step 2: Transportation of ions

Every producer of magnetic field therapy devices claims that their product can regenerate cells, heal diseases, energize the cells by activating the cell metabolism. Cell metabolism is only possible with ion transportation.

Be careful with these statements. QRS is the only product with a worldwide patent on ion transportation due to many years of fundamental research work.

The QRS system is the only product that has the right to say it can transport hydrogen, calcium, sodium, potassium, chlorine and magnesium ions.

This ensures a better cell maintenance and eliminates toxic waste at the same time. QRS increases the oxygen rate within the cell. The oxygen diffusion rate is increased by 80 - 900 %, therefore ATP (energy) molecules will be formed.

This ensures a smoother transportation through contracted blood vessels and other affected tissue structures.

The patent:

DEVICE FOR TRANSPORTING IONS,
ESPECIALLY PROTONS

Patent-Nr.: E P 0 594 655 B 1
Patentanmeldung: 03.07.1992
Patenterteilung: 25.01.1996

Step 3: The Resonance Phenomenon

In order to support the cell metabolism as well as to eliminate toxic waste, free radicals and slags, the voltage of the cell membrane has to be kept on a high level. To stop the aging process, we have to increase the energy within the cell. This builds energy molecules (ATP).

The cell-specific amplitude window ensures the building of these ATP molecules. This window within the body cell, which was discovered by QRS, ensures the ion transportation and therefore enhances the resonance phenomenon.

This is the only way for the ions, cell membranes and blood vessels to create a resonance. If this resonance exists, ions can be transported and the cell metabolism can be influenced. If this really works - such as with QRS - then the immune system of the body is stimulated as well as the body regeneration via an increase in protons (in nerve cells these are the memory proteins), regeneration acceleration, electrogen changes of the cell energy, stimulation of metabolism, activation of hormone build-up. The patent was issued on these phenomena which are single prerequisite for the energy increase in the cell.

The patent:

MECHANISM FOR INFLUENCING OF
ELECTRICAL AND MAGNETIC FIELDS
LOWER FREQUENCY.

Patent-Nr.: EP 0 621 795 B1

Patenterteilung: 25.01.1996

Step 4: Bio- Feedback

No human being is like the other, and the biological and electro-biological circumstances within our bodies are changing daily, hourly, minutely via outside processes.

A professional quantronic therapy system needs to check the present health state of the particular person first in order to send the quantronic signal, specifically tuned to this body. This process supports, strengthens and optimizes the biological circle of the patient.

Does this sound futuristic to you? QRS as the only therapy has been able to detect and register the immediate effects within the body of a human being. An automatic adjustment already is available to the physician and will be available for private users in the near future. This will ensure an optimum in the effects for every single person. This QRS patent is protected worldwide as well.

THERAPY WITHOUT SIDE EFFECT

ESPECIALLY FOR ELDERLY

- ❖ Staying healthy is a challenge in today's lifestyle.
- ❖ To stay healthy, we do walking, yoga and any physical activity and we should also do it.
- ❖ But due to busyness walking yoga and physical activity is a challenge especially for the elderly.
